

The comments are revealed from the Erasmus +Project Evaluation Survey.

- 1.** It is pretty surprise that most of the participants have been participated in an international Project. This shows that these activities are engaging for both teachers and students as they would like to be a part of a new Project.
- 2.** The majority of the participants are glad to have a project about European Culture and tourism.
- 3.** E-twinning is a good tool for communication.
- 4.** The opinions on how interesting projects activities are diverse. This shows that diverse types of students participate in the project which we have a positive impression.
- 5.** The communication between the students and also teachers is really strong. This is achieved by the Internet, e-mail and other social media tools. This also enables students and teachers learn from each other.
- 6.** Most participants think that the work on the project (tasks, activities, meetings) has improved his/her knowledge about and understanding of the partner countries better. This is the general aim of these types of projects.
- 7.** As an overall point, the participant of this project is very glad to be a part of this important activity.
